

## architectural project director – french speaking

**Job Title:** Architectural Project Director

**Department:** Architecture

**Location:** London

**Salary:** Competitive

### **Overview:**

We are currently looking for a confident Project Director for one of our Architectural Studios here at tp bennett. You will be a native French speaker hopefully having qualified at a French University in Architecture. Ideally you will have worked on French or African projects, where the dialogue and documentation was in French too.

You will lead and manage a team of architects in developing the design of six hospitals in Cote d'Ivoire Africa. Will be based in London but likely to be relocated over to Cote d'Ivoire to support the contractor during the construction stage of the project.

### **Qualifications, Experience & Skills:**

- Qualified French Architect
- Fluent in French and English
- 10 years' experience
- Experienced team leader
- Excellent technical design skills
- Pragmatic at solving design problems
- Healthcare design experience (Bonus)
- Technical design development

- Experience of working on Stages 3 to 7
- Can do attitude
- Team player
- Design flair

If you are interested in applying for the role, please send your cv and portfolio to [careers@tpbennett.com](mailto:careers@tpbennett.com) with the headline 'Project Director'
