

senior architectural revit technician

Job Title: Senior Architectural Revit Technician

Department: BIM

Location: SE1 0NE

Salary: £40-£50k

Overview:

TP Bennett are currently recruiting for an experienced Senior Architectural Revit Technician to work on a high-level commercial project in London.

The project is currently moving in to BIM (Building Information Management) Level 3 and we are looking for an outstanding individual who can join an already highly functioning team. Ideally, you will have extensive proven experience with similar projects and responsibilities. Design for the role has been finalised and we are looking for Revit technicians to come in and help with:

- Technical Revit Packages
- Liaising with contractors
- Below Foundation technical drawings
- Core/retaining walls/water flow
- Cat A Office space fit outs
- NBS/UK Regs experience
- Assisting project architect, associate & partner level on design documentation
- Planning, Tender, Construction stages of design documentation
- Revit modelling, documentation and file management
- Coordination of consultant services drawings and models
- Revit assistance and collaboration of project setup and management

We are looking for:

- UK Project exposure
- Commercial/Retail background
- Certifications in AutoCad Revit is a must have
- Strong BIM Level 3 experience is mandatory
- Proficient in Revit Architecture, AutoCAD, InDesign, Photoshop, SketchUp, V-Ray Rendering, Microsoft Office

Qualifications

- Degree or Masters qualified in Architecture
- Strong, proven working experience in Architectural / Interior Design environment.
- Strong understanding of Building Information Modelling (BIM) process and workflow fundamentals.
- Exceptional working knowledge of Autodesk Revit and good working knowledge of Dynamo.
- Good understanding of UK building construction fundamentals.
- Good communications skills with good written and spoken English.
- Organised, pro-active, and self-disciplined with ability to take initiative.

If you feel you match the above criteria, please send a full CV + Portfolio to careers@tpbennett.com with the headline Senior Revit Technician
