

<b>Job Title:</b>	<b>Interior Designer</b>
<b>Department:</b>	<b>Interiors</b>
<b>Location:</b>	<b>London (hybrid)</b>
<b>Reporting to:</b>	<b>Associate Director / Project Director</b>

## Job Purpose:

tp bennett is seeking a talented, motivated, and experienced Interior Designer to join one of our established Interior Design Studios. This is an exciting opportunity for an ambitious designer to further develop their career within a successful, collaborative, and design-led practice, working on high-quality corporate fit-out projects.

## Key responsibilities and accountabilities:

- Support Senior Designers in the delivery of interior design projects, with a strong focus on corporate and workplace fit-outs.
- Manage and nurture client relationships, including presenting design concepts and managing expectations throughout the project lifecycle.
- Prepare high-quality technical and 3D drawings, including CAD layouts, Revit models, and visualisations.
- Produce presentation materials, including mood boards, sample boards, and client-facing design presentations.
- Select finishes, materials, and FF&E in line with project briefs, budgets, and sustainability considerations.
- Coordinate with consultant teams to support design development and technical coordination.
- Undertake other ad-hoc duties as required to support the business and project delivery.

## Qualifications, experience, and skills:

- Degree-qualified in Interior Design or a related discipline.
- Proven experience in workplace and commercial interior design.
- A strong and well-presented portfolio demonstrating conceptual, technical, and delivery skills.
- Ability to communicate design ideas clearly, including three-dimensional thinking and spatial awareness.
- Strong proficiency in AutoCAD, Adobe InDesign, Photoshop, Revit and Illustrator.
- Ability to sketch by hand is desirable.
- Excellent conceptual design, detailing, and presentation skills.
- Strong verbal and written communication skills.
- Highly organised with the ability to multitask, prioritise workloads, and meet deadlines.
- A collaborative team player with a proactive and positive approach.
- Flexible and adaptable, with a willingness to travel or work extended hours when required to meet project deadlines.
